Scope:

This project consist in the Rehabilitation and Completion og the Marisol, Kennedy, Vegas, and Camaselles Sanitary Sewer System. The existing sanitary sewer system was constructed on two phases, the last one being completed during 2008. The construction of both of these phases could not be completed due to difficulties encountered during their construction. For that reason PRASA wants to construct this project and complete the Marisol, Kennedy, Vegas and Camaselles Sanitary Sewer System.

In summary the project consist of the installation and replacement of approximately 6.5 Kilometers of 8", 12" and 18" PVC sanitary sewer pipes with its respective manholes, service connections and other accessories. With the exception of some small segments the installation and replacement of sanitary sewer pipes will be performed inside the right-of-way of municipal and state roads.
